

Worksheet 1a Understanding Gower distance

	Age	Race	Height	Income	IsMale	Politics
Employee 1	22	1	Tall	0.39	TRUE	moderate
Employee 2	33	3	Short	0.34	TRUE	liberal
Employee 3	52	1	Moderate	0.51	FALSE	moderate
Employee 4	46	6	Tall	0.63	TRUE	conservative

Modified from source: <https://jamesmccaffrey.wordpress.com/2020/04/21/example-of-calculating-the-gower-distance/>

- (a) The dataset contains mixed data (quantitative and categorical variables). Calculate by hand the Gower distance between Employee 1 and Employee 2, showing all steps of how you arrive at your answer.

(b) Use R's `daisy()` to validate that your answer in part (a) is correct.
